

BOSCH

Invented for life

Bosch AeroEco

Value based flat wiper blades for older vehicles

NEW!

DoubleLock Adapter
for more safety

Program information

- ▶ Natural rubber with graphite coating
- ▶ Vehicle coverage exceeding 90% (for European vehicle population)
- ▶ Value based solution at high quality and safety standard
- ▶ The right wiper and adapter can easily be found in the application list on the back of the packaging

Adapter system

Thanks to its modular adapter system, AeroEco perfectly fits all common OE- and hook-type wiper arm types:

Double-lock adapter for hook-type

5 adapters for OE-types

Bosch AeroEco

Product details

High vehicle coverage

Thanks to its modular adapter system (6 adapters), AeroEco perfectly fits all common OE- and hook-type wiper arm types

Improved wiper performance, less wind noise

The aerodynamic spoiler increases the contact pressure

Effective cleaning

The special graphite coating improves the wiping results even under harsh environmental conditions. It wears off slower, reduces the friction coefficient and ensures improved cleaning without juddering or squeaking.

Clear view

Universally bent spring strip evenly distributes the contact pressure across the windshield

Product range

Less part numbers, higher coverage

Short Code	Part number	Length	
AE 34	3.397.013.448	350 mm	14"
AE 38	3.397.013.462	380 mm	15"
AE 40	3.397.013.449	400 mm	16"
AE 45	3.397.013.450	450 mm	18"
AE 48	3.397.013.451	470 mm	19"
AE 50	3.397.013.452	500 mm	20"
AE 53	3.397.013.453	530 mm	21"
AE 55	3.397.013.454	550 mm	22"
AE 60	3.397.013.455	600 mm	24"
AE 65	3.397.013.456	650 mm	26"
AE 70	3.397.013.457	700 mm	28"
